1. Buddy Benches - Motion made to spend a total of \$450 to purchase two Buddy Benches from Craig HS woodworking dept. and plaques to dedicate benches to retirees from last year. Unanimously in favor.
2. Die Cut machine- Survey reviewed. Many staff indicated that Adams could use the machine. Ms. Blumer will contact Kennedy ES to inquire about their machine and find approx. cost
3. Water bottle filling station- will look into pricing (Estimated \$1000-2000) and will need to find out how the district would like it installed
4. Pencil dispenser fundraising: students can purchase pencils from dispenser for 25 cents. Estimated start up cost \$200-300 but potential earning could outweigh investment
5. Landscaping by walker street exit (door 7)- Pta will donated \$150 for plants/mulch, etc. And PTA may be able to help work with the 5th graders to fix the perennial bed.
6. Playground improvement - discussed need for new equipment on Kindergarten playground. (in particular: replace the brown and yellow Activity Center.) Also a request was made to purchase a new basketball hoop for the kindergarten playgrounds and possibly relocate the tether ball to the other playground. We also may need to buy a border to keep the rocks from going all over the black tops on both playgrounds. Will need to look at pricing and plan more fundraisers to be able to purchase the new equipment.
7. Outdoor Learning Classroom- Will form another committee and look into having plans drawn. We also are planning on applying for grants for this project.
8. Fan drive- Still awaiting approval and guidelines from the district.
9. Popcorn maker- Approx. \$500. We could potentially sell popcorn once a month in school, at events, and use as classroom "prizes"
